MULTILINGUAL LEARNING COMMUNITIES”***

Dear Colleagues,

We cordially invite you to the thirty-third annual conference of the **New York State Association for Bilingual Education**. The conference will highlight current trends in bilingual education programs and equity for all learners. We look forward to having teachers, professors, administrators, paraprofessionals, parents, graduate students and publishers share their knowledge, experience and expertise with others in the field of bilingual education. We need your participation to make this the most motivating, interesting, challenging and professionally rewarding conference. Presentations in English or in languages other than English are welcome.

The conference focuses on providing all students with an equitable education to ensure their success in our demanding society. I hope that you will take this opportunity to mark your calendar, submit a proposal to present and register for this magnificent event.

More information and details on how to become a part of this wonderful conference will follow during the summer.

Truly yours,
Margarita Reyes
